

4th International Conference on Rehabilitation and Maintenance in Civil Engineering (ICRMCE)

Best Western Solo Baru
July, 11-12 2018

“Smart Rehabilitation and Maintenance in Civil Engineering
for Sustainable Construction”

In collaboration with:

Partner Universities:

Malaysia University

Indonesia University

Indonesia University

Indonesia University

Indonesia University

Application of android-based parking violations reporting system to support green campus program 04016

Setiono and Budi Yulianto

DOI: <https://doi.org/10.1051/mateconf/201819504016>

Analysis of travel pattern and the need to develop sustainable transportation infrastructure in Sarbagita metropolitan area 04017

Putu Alit Suthanaya

DOI: <https://doi.org/10.1051/mateconf/201819504017>

The analysis of land use weights on road traces selection 04018

Indrayani, Erika Buchari, Dinar D. A. Putranto and Edward Saleh

DOI: <https://doi.org/10.1051/mateconf/201819504018>

Data mining applied for earthworks optimisation of a toll road construction project 04019

Andri Irfan Rifai, Yusuf Latief and Leni Sagita Rianti

DOI: <https://doi.org/10.1051/mateconf/201819504019>

Control of urban parking based on zoning rates in the context of sustainable transportation 04020

Ismiyati Ismiyati, Yohannes Inigo Wicaksono, Bambang Riyanto, Mochamad Iqbal Rajani and Rizki Parulian

DOI: <https://doi.org/10.1051/mateconf/201819504020>

Analysis of air pollution caused by mass transportation design changes 04021

Budiman Napitupulu, Ismiyati Ismiyati and Mudjiastuti Handajani

DOI: <https://doi.org/10.1051/mateconf/201819504021>

A study of CO₂ emission reduction due to transportation activities in Brebes district through road repair 04022

Fajar Mubarak, Dewi Handayani and Syafi'i

DOI: <https://doi.org/10.1051/mateconf/201819504022>

Hydrologic Engineering

Temporal variations of bed load transport rate and the grain size distribution of non-uniform size sediment during a constant flow rates 05001

Yusron Saadi, Ida Bagus Giri Putra and Agus Suroso

DOI: <https://doi.org/10.1051/mateconf/201819505001>

Evaluation of sediment management for two large reservoirs in Lombok island 05002

Ery Setiawan, Syamsul Hidayat, Ida Bagus Giri Putra, Muhammad Bagus Budianto and Salehudin

DOI: <https://doi.org/10.1051/mateconf/201819505002>

Evaluation of watershed carrying capacity for watershed management (a case study on Bodri watershed, Central Java, Indonesia)05003

Ignatius Sriyana

DOI: <https://doi.org/10.1051/mateconf/201819505003>

Analysis of the distribution of domestic wastewater in the Brantas river area of Malang city 05004

Prihatiningsih Becti, Zaenal Kusuma, Agus Suharyanto and Amin Setyoleksono

DOI: <https://doi.org/10.1051/mateconf/201819505004>

Seismic performance of four-storey masonry infilled reinforced concrete frame building 02017

Isyana Ratna Hapsari, Senot Sangadji and Stefanus Adi Kristiawan

DOI: <https://doi.org/10.1051/mateconf/201819502017>

A structural performance evaluation of vertical housing model due to the increased seismic loads in Semarang, Indonesia using a pushover analysis 02018

Arnie Widyaningrum, Yanuar Haryanto and Nor Intang Setyo Hermanto

DOI: <https://doi.org/10.1051/mateconf/201819502018>

Dynamic bayesian updating approach for predicting bridge condition based on Indonesia-bridge management system (I-BMS) 02019

Jojok Widodo Soetjipto, Tri Joko Wahyu Adi and Nadjadji Anwar

DOI: <https://doi.org/10.1051/mateconf/201819502019>

Influence of shape modification and stirrups on the axial capacity of concrete columns 02020

Ida Bagus Rai Widiarsa and Ida Bagus Dharma Giri

DOI: <https://doi.org/10.1051/mateconf/201819502020>

Comparative study of behaviour of reinforced concrete beam-column joints with reference to monolithic and non-monolithic connection 02021

Ninik Catur Endah Yulianti, Dewi Sri Murni, Wisnumurti and Wibowo Ari

DOI: <https://doi.org/10.1051/mateconf/201819502021>

Effect of monotonic lateral load on the performance of reinforced graded concrete column, an experimental study 02022

M. Mirza Abdillah

Pratama, B. Sri Umniati, Gista Prasiwi, Ay Lie Han, Buntara Sthenly Gan, Puput Risdanareni and Zhabrinna Zhabrinna

DOI: <https://doi.org/10.1051/mateconf/201819502022>

Stress-strain response of high-volume fly ash self-compacting concrete (HVFA-SCC) under uniaxial loading and its effect on the reinforced HVFA-SCC nominal strength 02023

Stefanus Kristiawan, Sunarmasto, Agus S Budi and Desi C Kurniawati

DOI: <https://doi.org/10.1051/mateconf/201819502023>

High volume fly ash as substitution of fine aggregates with the proportion of 50%, 60%, and 70% to the shear strength of reinforced concrete beams 02024

Ade Lisantono, Haryanto Yoso Wigroho and Daniel Krisna Murti

DOI: <https://doi.org/10.1051/mateconf/201819502024>

Analysis of floating house platform stability using polyvinyl chloride (PVC) pipe material 02025

Aswad Asrasal, Slamet Imam Wahyudi, Henny Pratiwi Adi and Rick Heikoop

DOI: <https://doi.org/10.1051/mateconf/201819502025>

The study of ultrasonic pulse velocity on plain and reinforced damaged concrete 02026

Ni Nyoman Kencanawati, Akmaluddin, Buan Anshari, Ahmad Gazi Paedullah and Mitsuhiko Shigeishi

DOI: <https://doi.org/10.1051/mateconf/201819502026>

Survey, investigation and repairing on concrete wall of waste water treatment building 02027

Partogi H Simatupang and Jonbi

DOI: <https://doi.org/10.1051/mateconf/201819502027>
